The total subscriptions, including allotments made to this county by foreign corporations, is \$223,350. The total subscribed by 2373 strictly Box Elder county people totals \$205,350. The county's quota was \$175,000. Subscriptions by outside corporations were as follows: Southern Pacific

literally the talk of the town, by reason of the remarkably low figures at which it is priced.

In writing of his purchases the New York buyer says "I have succeeded in buying many of the show pieces of these makers, coats suits and dresses that have been used as sample and which were sold to me in many cases at one-half their actual value. And in view of the fact that prices of woolen fabrics are sure to be very much higher for this fall, Ogden women will doubtless be glad to buy now for next fall's use as well as for the present."

All of the plans are completed for opening of the sale Friday morning at 9 o'clock. Many extra saleswomen have been employed as the advance call for the merchandise indicates that hundreds of Ogden women have been waiting for this event.

Ten men were drawn by the local exemption board to fill this county's quota to attend the University of Colorado at Boulder to take special courses in mechanic training. The men drawn by the local board are as follows: Leroy Hadley, Brigham; John M. McCrary, Portage; David Kunzler, Milton Hubbard, John E. Jones, Earl E. Lemon and Clarence Jones, Willard; Loren Hansen, Joseph Christensen and Ernest Anderson. Today Joseph B. Barlow, Merrill Wainaker and Conrad B. Hansen of Bear River City appeared before the exemption board and stated that they wanted to volunteer. All three men were in the draft. They were sent to Salt Lake for examination. They will try to enter the navy.

In the district court today before Judge J. D. Call, the North and Middle Canyon Irrigation and Livestock company was rendered judgment against J. W. Smith and wife. In this action, the livestock company sought to enjoin the defendants from the appropriation of water conducted along the defendants' property which the plaintiff claims to have used for many years and which were appropriated by them. The verdict restores the sole use of the water in question to the North and Middle Canyon Irrigation and Livestock company.

## FINANCIAL NEEDS OF THE ALLIES

Member of Inter-allied Council Returns From Europe and Makes Report.

WASHINGTON, May 8.—A report on the future financial needs of the allies was presented to the treasury today by Oscar T. Crosby, president and American member of the inter-allied council on finance and purchases on his return from Europe, where he has been since last September.

Mr. Crosby, who is still assistant secretary of the treasury, will assist in working out a plan of extending greater credits direct to France, Italy and other co-belligerents instead of through Great Britain. This will relieve Great Britain of borrowing from the United States approximately the sums required for British loans to the allies.

The financial branch of the council was organized in Paris about five months ago and consists of representatives of the United States and allied governments. It has acted as a board of priority for American loans.

## WILSON NAMES RED CROSS WEEK

WASHINGTON, May 7.—President Wilson today issued a proclamation designating the week beginning May 20 as "Red Cross" week, and calling upon the American people to contribute generously to the \$100,000,000 war fund of the American Red Cross for the alleviation of suffering among the American troops in France and their dependents at home and among the fighting forces and civilian populations of the allied countries.

The proclamation follows: "Inasmuch as the war fund of 1917, so generously contributed by the American people to the American Red Cross for the administration of relief at home and abroad, has been practically exhausted by appropriations for the welfare of the men in our military and naval forces, and for those dependent upon them and for the yet more urgent necessities of our allies, military and civilian, who have long borne the brunt of war.

"And, inasmuch as the American Red Cross has been recognized by law and international convention as the public instrumentality for war relief; and, inasmuch as the year of our own participation in the war has brought unprecedented demands upon the patriotism and liberality of our people, and made evident the necessity of concentrating the work of relief in one main organization which can respond effectively and universally to the needs of humanity under stress of war;

"And, inasmuch as the duration of the war and the closer and closer cooperation of the American Red Cross with our own army and navy, with the governments of our allies, and with foreign relief organizations, have resulted in the discovery of new opportunities of helpfulness under conditions which translate opportunity into duty;

"And, inasmuch as the American Red Cross war council and its commissioners in Europe have faithfully and economically administered the people's trust;

"Now, therefore, by virtue of my authority as president of the United States and president of the Red Cross, I, Woodrow Wilson, do hereby proclaim the week beginning May 20, 1918, as "Red Cross" week, during which the people of the United States will be called upon again to give generously to the continuation of the important work of relieving distress, restoring the waste of war, and assisting in maintaining the morale of our own troops and the troops and peoples of our allies by this manifesting of effort and sacrifice on the part of those who, though not privileged to bear arms, are of one spirit, purpose and determination with our warriors.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done in the District of Columbia, this 4th day of May, in the year of our Lord one thousand nine hundred and eighteen, and of the independence of the United States of America the one hundred and forty-second.

"By the president.

## CAMP LEWIS BALL SEASON TO OPEN

League Baseball Games Begin May 15—Ten Clubs in Pennant Race.

CAMP LEWIS, Tacoma, May 7.—Final plans for the opening of the Camp Lewis baseball season a week from tomorrow were laid at a meeting of the athletic council tonight. There will be two leagues of ten teams each, the "American" and "National," and games will be played every Wednesday evening after retreat. Fourteen of the forty odd diamonds in camp were selected for the league games and the other fields may be used by company teams.

Quibbling with the umpire may be eliminated from the pastime as played at camp. Only commissioned officers will act as umpires, it was decided, and with the teams composed of enlisted men there should be little delay caused by disputing decisions.

A board of three officers has been chosen to act on all disputes and settle all matters pertaining to the two leagues. They are Captain James Scott, formerly pitcher for the Chicago club of the American league and member of the Camp Lewis team; Captain L. A. Wattleit, baseball director and former manager of the Victoria team of the Northwestern league, and Captain T. G. Cook, division athletic director.

There will be no chance for the soldier to view the games on the divisional field without paying his admission fee.

A high board fence is being erected
